Which rack is best for a large server room?

The cabinet is very convenient and easy to install. It is well ventilated and the equipment inside does not overheat. 2 post open frame racks are suitable for large server rooms. This cabinet turned out to be very spacious. In my opinion,a 4 post equipment rackis the best choice for large server rooms.

Are open computer racks a good idea?

Open computer racks have proven themselves in my server rooms. They are easily ventilated and facilitate access to equipment for repairs. However,with such racks,one must be careful that the servers do not become covered in dust if ventilation is poor. I have no complaints about the racks themselves,and I recommend them.
