Who is the best Solar Roof Tile Company in Europe?

In 2019,Terr&#225;nwon the E.ON Energy Globe Award for its Generon solar roof tiles. The jury selected the most innovative and sustainable ideas from 150 applicants. Generon stood out from this field. Florida-based Energy CIO Insights magazine recognized Terran with its Generon roof tile in 2020,as one of Europe's top 10 solar technology providers.

Where are generon solar roof tiles made?

Generon solar roof tiles are manufactured in Hungary,so warranty administration is easy and quick. The installation of the Generon tiles is a cost-effective solution,as the cost of the investment will pay for itself within a few years. Terran Generon is built using concrete tiles,minimizing energy consumption and environmental impact.

What are solar tiles?

Solar tiles are roofing materials that can produce energy directly from sunlight. Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy,as opposed to conventional solar panels,which are mounted on top of an existing roof.

What is the most prestigious solar roof tile?

The Red Dot Award,which dates back 65 years,is considered the most prestigious design award in the world. The Generon solar roof tilehas also excelled internationally,as it won this first-class recognition too,in 2021. After its market launch Terr&#225;n Generon won the 2019 Construma Award.
