There were some various battery organizers on the market and a few plans out there, but I wanted to create a battery station that not only organized my batteries, but provided a central ...

This station is perfect for holding all of your cordless tool battery chargers. What sets it apart from a simple shelf is the concealed chase for routing and hiding the power cords for a nice clean ...

Dry fit the drawer around the drawer bottom, check that it will fit in the drawer slot, trim as necessary. Use glue and 1 1/4" screws to assemble the drawer together. Attach a drawer pull ...

In this easy DIY project, I'll show you how to build 2 different styles of battery-organizing shelves--both for less than \$5--to fit nearly any workshop or garage layout! ?? Whether ...

The best way to avoid the frustration of owning several devices is to build your own DIY charging station. Sure you can find a device charging station in stores, but building ...

The cabinet design includes a main frame, back panel, tool slots, and an area for charger placement. Sam cuts the sides, top, and bottom panels first, ensuring square joints and a ...

There were some various battery organizers on the market and a few plans out there, but I wanted to create a battery station that not only organized my batteries, but provided a central ...

Take a look at how we created this DIY tool wall organization and battery charging station using free pallet boards! Our garage-turned-family-room has a large closet that recently ...

Instead of digging through random containers or junk drawers, this build provides a sleek and efficient way to
