-----

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

The focus is clearly on safety and efficiency - including for the new, hybrid-cooled Luna2000-215kWh battery storage system for C& I. It has been awarded the highest safety ...

As a cornerstone of SaudiVision2030, the Red Sea project stands as the world's largest microgrid energy storage project, with a storage capacity of 1.3GWh. Huawei provided a complete set of equipment and consulting services for the project, including 400 MW PV inverters, 1.3 GWh ESSs, ...

Join Huawei's Smart PV Community for specialized support as a solar PV installer. Access resources, online courses, redeemable points, and training opportunities to empower you to ...

It builds a product ecosystem centered on solar inverters, charge controllers, and energy storage to promote sustainable and efficient utilization of solar energy.

Our energy solutions increase electricity generation and enhance self-consumption rates, providing comprehensive backup power with long-lasting storage capabilities.

While both offer lithium-ion storage, Huawei's smart energy storage includes native hybrid inverter functionality and supports three-phase power systems crucial for industrial applications.
