What size server & network cabinets are available?

With the most extensive array of sizes ranging from 42-52RU, heights of 600mm to 800mm (23.62" to 31.5"), and depths of 36" to 54", providing server and network cabinets that meet any specific requirements.

Can a walk-in cabinet be built from the factory?

The cabinet lineup can be built and shipped direct from the factory in the desired configuration. Amphenol Walk-In Cabinets (WIC) are protective walk-in enclosures housing an integrated system of electronic components and equipment that can serve fiber and copper interfaces.

What is an Amphenol walk-in cabinet?

Amphenol Walk-In Cabinets (WIC) are protective walk-in enclosures housing an integrated system of electronic components and equipment that can serve fiber and copper interfaces. The WIC offers a lighter weight alternative to concrete base station shelters providing a lower total cost of ownership.

Are T-series & T6 cabinets safe to ship fully loaded?

Designed for shipping with equipment pre-loaded, our T-Series and T6 cabinet platforms can be paired with our unique packaging and shipping solution, making them safe to ship fully loaded.
