What are outdoor electrical cabinets & enclosures?

Browse our range of outdoor electrical cabinets and enclosures and discover why we're a trusted name in the telecom industry. An outdoor telecom enclosure is a specialized cabinet designed to house and protect telecommunications equipment in outdoor environments.

What are Eaton exocab outdoor telecommunications cabinets?

The Eaton ExoCab outdoor telecommunications cabinets are a range of versatile, cost effective outdoor cabinets for a wide range of electronics applications. They can be configured for DC power, UPS, battery, or any other outdoor installation requiring robust protection for electronics equipment. Front and back doors are provided for ease of access.

What are the requirements for a telecom cabinet?

Compliance with Standards: Depending on the region, the cabinet must meet specific industry standards such as IP (Ingress Protection) ratings, seismic ratings, or fire safety standards. This general process may vary slightly depending on the manufacturer and specific requirements of the telecom project.

What is the best outdoor wall mount cabinet?
