Why should you use an outdoor telecom enclosure?

Therefore, using an outdoor telecom enclosure to house these components is vital for their protection. Today's best protection is a NEMA (National Electrical Manufacturers Association) rated telecom box. NEMA 3 or NEMA 4 rated boxes are best for inclement outdoor conditions.

Why should you choose Shield for your outdoor telecom enclosure?

This solution is also ideal for rapid deployment at the network edge. SHIELD offers a wide range of customization features for your outdoor telecom enclosures such as machining, special dimensions, custom colors, and additional protection for harsh environment.

Why should you choose a NEMA 4X outdoor enclosure?

Corrosion can be a big problem in many different enclosure applications, and a NEMA 4X outdoor enclosure can help protect your devices. AZE can also provide customized products or projects based on requirements, choose from a broad range of models, configurations, mounting options, sizes, finishes and type ratings.
