In 2016, the American Samoa Renewable Energy Committee (ASREC) set a goal to achieve 100% renewable energy by 2040, primarily through solar. The territory's high solar exposure ...

Samoa Sunshine Pacific will install a solar system to power a 16-acre commercial space for agri production, providing energy to an 8-acre hydroponics farm and an 8-acre poultry operation. ...

The island of Ta'u in American Samoa, more than 4,000 miles from the United States' West Coast, now hosts a solar power and battery storage-enabled microgrid that can ...

Tesla specialists are on the ground assisting Samoa's electric power corporation engineers to ensure its battery energy storage systems are operating to support Samoa's ...

Located on Tutuila and Aunu'u islands, the three solar-plus-storage projects have capacities of 4 MW/8 MWh, 5 MW/10 MWh, and 1 MW/2 MWh. These systems stabilize solar ...

The first of three storage projects is completed, enabling the island to integrate its solar energy production and enhance grid reliability. Evlo Energy Storage Inc, a subsidiary of ...

Evlo Energy Storage Inc, a subsidiary of Hydro-Qubec, announced it has commissioned the first of three grid-scale energy storage projects in American Samoa. The ...

Now, the island runs on a completely renewable microgrid that meets 100% of residents' energy needs through solar power and battery storage. In 2016, the founders of Maui, Hawaii-based ...

Enter the Samoa Energy Storage Power Station - the game-changing solution turning this Pacific paradise into a renewable energy trailblazer. This isn't just another battery ...

ADB has signed a transaction advisory services agreement with Samoa's Electric Power Corporation (EPC) to support the development of a solar photovoltaic and battery ...

The soon-to-be-merged Tesla and SolarCity have completed a solar-plus-storage microgrid on an island in American Samoa that will reduce the local population's reliance on ...

The Asian Development Bank (ADB) has entered into a transaction advisory services agreement with Samoa's Electric Power Corporation (EPC). The ADB will support the development of 40 ...

This is a review for a solar installation business in San Francisco, CA: "When Solcius went out of business and left my family's project unfinished, this company stepped in and saved us.

The first of the three planned energy storage projects is complete, enabling the island where it is based to integrate its solar energy production and enhance grid reliability.
