-----

The financial close of two significant large-scale projects in Egypt could mark progress for the country's nascent energy storage sector. Developers Scatec and AMEA ...

The fuel crisis in Egypt is driving the development of solar energy. GSL ENERGY is helping Egypt achieve its renewable energy transition and market growth with advanced ...

The Board of Directors of the African Development Bank Group has approved a financing package of up to \$184.1 million to support the development of the Obelisk 1-gigawatt ...

Scatec ASA has signed a 25-year Power Purchase Agreement (PPA) with Egypt Aluminium to develop a 1.1 GW solar photovoltaic project coupled with a 100 MW/200 MWh battery energy ...

Amea Power stated that the Benban project will be Africa's largest solar + storage project, while the Abydos project will be Egypt's first-ever centralized large-scale storage ...

From photovoltaics to wind power, from single generation to integrated photovoltaic and energy storage, AMEA Power's energy layout in Egypt is constantly upgrading.

This ambitious project, spearheaded by Obelisk Solar Power SAE, a special purpose vehicle (SPV) incorporated in Egypt and wholly owned by Norwegian renewable ...

The financing will support the equity requirements for the construction of a 1 GWac photovoltaic solar power plant and a 200 MWh battery energy storage system (BESS) in ...
