What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Why should you choose armorlogix outdoor enclosures?

Efficient outdoor enclosures ensure reliable performance and longevity under harsh weather. ArmorLogix is a leading manufacturer of outdoor enclosures with decades of experience creating turnkey solutions across industries. We optimize our weatherproof enclosures to save you time and money with premium cooling, insulating, and security features.

Why do you need an outdoor enclosure?

These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices. Efficient outdoor enclosures ensure reliable performance and longevity under harsh weather. ArmorLogix is a leading manufacturer of outdoor enclosures with decades of experience creating turnkey solutions across industries.

What are the features of our enclosures?

Versatile installation features: Our enclosures have two universal wall and pole mounting brackets and an adjustable and removable back plate. This construction allows for smooth installation on various surfaces and integration of equipment inside or outside without drilling additional holes.

The global Outdoor Telecom Enclosure market is projected to reach a valuation of approximately USD 2.5 billion by 2033, growing at a compound annual growth rate (CAGR) of 6.8% from ...

According to our latest research, the global Outdoor Enclosures for Telecom market size reached USD 4.8
