Who is Nordic solar a/s?

Nordic Solar A/S is a dedicated solar energy company that focuses on developing and integrating sustainable energy solutions, particularly through financing and investment in solar projects. Their mission is to enhance the role of solar energy in global production by constructing and operating utility-scale solar parks across Europe.

Is Denmark a good place to invest in solar energy?

Denmark has emerged as a leader in the solar energy industry, driven by a strong commitment to sustainability and ambitious climate goals. One key consideration for anyone researching companies in this sector is the regulatory framework, which includes supportive government policies, subsidies, and incentives for solar energy adoption.

Who can buy and sell solar panels?

With DanSolar, you get a strong and highly experienced solar cell supplier. In principle, anyone can buy and sell solar panels, but only a few can configure systems like DanSolar and offer turnkey contracts in connection with the design, setup, assembly and installation of both ordinary systems and solar parks.

Who are DSE solar components distributors?

DSE is the official distributor for some of the well-known solar components producers like Fronius, ABB, Steca, MorningStar, Grundfos, Victron Energy, Hoppecke etc. Based on our in-depth PV technology knowledge and insight in the solar components market, we are capable of selecting the right quality products without any compromise.
