Which companies offer solar home systems in Zambia?

In Zambia, Vitalite offers pay-as-you-go home systems using modern mobile technology to help low-income households. Aurora Power Solutions also operates in the region, focusing on solar power.

Which company will start a solar project in Zambia soon?

Aurora Power Solutions operates across Sub Saharan Africa focusing on solar power. They mainly provide their services in South Africa, but will start a project in Zambia soon. Vitalite offers pay-as-you-go home systems throughout Zambia.

How does solar power work in Zambia?

Solar power in Zambia primarily uses solar photovoltaics (PV) to generate electricity. Several communities, entrepreneurs, the government, and NGOs collaborate to increase the share of solar power in the country.

How many Zambians are still without electricity?

Solar home systems, which are rooftop solar panels that provide electricity for lighting, charging phones and running certain appliances, and mini grids, which are solar electricity generation and storage plants that provide electricity to whole villages - have the potential to reach 8.5 million Zambians currently still without electricity.

Solar power could be a solution, but because of poverty and unemployment, individual rural families would struggle to buy a home solar system. For example, in Zambia a ...
